2020 The 5th International Conference on Robotics, Control and Automation

will be held in Seoul, Korea on July 24-27, 2020. It is an annual research conference that aims to provide a platform for the scientists, scholars, engineers and students from Universities and industry all around the world to present ongoing research activities. After the success of ICRCA 2016 - 2019 in Tokyo (Japan), Kitakyushu (Japan), Chengdu (China), and Guangzhou (China), we are excited to announce the 5th edition of the ICRCA series.

The accepted and registered papers of ICRCA2020 will be published in the conference proceedings, which are to be indexed by EI Compendex, Scopus, IET etc. major databases.

The proceedings of ICRCA2017-ICRCA2019 have been successfully indexed by EI and Scopus within 4 months after the conference.

ICRCA TOPICS

For more topics, please visit: http://www.icrca.org/

Intelligent Control Systems and Optimization
- Genetic Algorithms
- Fuzzy Control
- Decision Support Applications
- Hybrid Learning Systems
- Distributed Control Systems

Robotics and Automation
- Image Processing
- Telerobotics and Teleoperation
- Vehicle Control Applications
- Human-Robot Interfaces

Signal Processing, Sensors, Systems Modelling and Control
- Biological Inspired Sensors
- Sensors Fusion
- Engineering Applications
- System Modelling

Industrial Engineering, Production and Management
- Lean Enterprise
- Precision Engineering
- Cost and Value Engineering

SUBMISSION

Full paper: Full paper submission is compulsory for publication.

Abstract: With presentation only purpose, please just submit an abstract.

Online submission system
Submissions should be made via the Online Submission System; Start submission with the link below: http://confsys.iconf.org/submissio n/icrca2020

IMPORTANT DATES

Submission Deadline: April 5, 2020
Notification Date: April 30, 2020
